Reddit replies that get you banned instead of buyers

For founders: 4 rules to reply safely

4 rules

step-01.sh

THE REASON

The reply is about you

> Reddit flags accounts that mostly post their own links. Buyers want answers, not ads. The 4 Reply Rules:

step-02.sh

RULE 01 / 04

Answer before you link

> Gets you BANNED:
"Try my app" + a link.
Gets you USERS:
A full answer. App comes later.

step-03.sh

RULE 02 / 04

Say you built it

> Gets you BANNED:
Praising it like a fan.
Gets you USERS:
"I built this, so I'm biased."

step-04.sh

RULE 03 / 04

Write one reply, not ten

> Gets you BANNED:
The same reply in 10 threads.
Gets you USERS:
One reply for the person asking.

step-05.sh

RULE 04 / 04

Read the rules first

> Gets you BANNED:
Posting, then reading rules.
Gets you USERS:
Reading the sidebar first.

You want buyers, not bans.

Comment REPLY and I'll DM you the Reply Rules: a checklist to run before every Reddit reply.
